

Name _____

Date _____

1.OA.2 Solve word problems that call for addition of three whole numbers whose sum is less than or equal to 20. For example, use objects, drawings, and equations with a symbol for the unknown number to represent the problem properties.

Add 3 numbers to find the sum
(Ch3 Go Math)

1. I have 3 bananas, 2 apples, and 4 oranges. How many pieces of fruit do I have?

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

2. Jill was tracking the weather. There were 5 sunny days, 5 windy days, and 3 rainy days. How many days did Jill track the weather?

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

3. Sam scored 2 goals, Juan scored 5 goals, and Melany scored 8 goals in their last soccer game. How many goals did they score for their team?

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$
