

Name \_\_\_\_\_

Date \_\_\_\_\_

1.OA.1 Use addition and subtraction within 20 to solve word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions. For example, use objects, drawings, and equations with a symbol for the unknown number to represent the problem.

Subtract with pictures and objects to take from a group within 10 in a word problem.  
(Ch2 Go Math)

1. There are 3 cats. 1 cat walks away. How many cats are there?

3 cats

1 cat walks away

\_\_\_\_\_ cats

2. There are 7 birds. 6 birds fly away. How many birds are there?

$7 - 6 =$  \_\_\_\_\_

3. There are 8 children in the park. 2 children went home. How many children are in the park now?

$8 - 2 =$  \_\_\_\_\_
